Dear Deba,
There are a lot of part we don't have.
Could you ship all the parts to us?

This is the shipping address of us.

The customs will charge 17% import fees.
If declare the invoice at less than \$50, they willn't charge this.

For PCB fabrication, it need \$9.9 for PCB fabrication.

For the 5pcs assembly.

The assembly fees is $\$15 + (32 \times 0.05 + 41 \times 0.05 \times 0.6) \times 5 = \29.15 .

\$10 for the starting fees, \$5 for the engineer fees, \$0.05 for per SMD pad. I give 40% discout for the SMD IC pads.

Looking forward to your reply.

Best regards,

service
